

TWO "HEAVY" AGENTS

Department of Justice Is Putting Final Touches On New Plans of Procedure—Attorney General Palmer Is Prepared to Proceed Vigorously In a Number of Individual Cases, Involving Both Foodstuffs and Clothing—To Take Public Into His Confidence Concerning Action Against the Cost of Living.

Washington, Oct. 13.—In anticipation that legislation to stop profiteering soon will become effective, the department of justice is putting the final touches to its plan for procedure when the new weapons are available.

Attorney General Palmer today called a meeting of the conferees on the cost of living problem under advisement nearly three months ago. Secretaries Glass, Houston and Wilson, Chairman Murdoch and E. C. Clevor of the federal trade commission, Director General Higgins, Assistant Attorney General Clegg, and Secretary of the Treasury Lanning, and H. L. Figg, assistant to Judge Ames, were present.

After a review of the progress made so far, which was said to be very gratifying, considering that none of the laws requested of congress has been placed on the statute books, the conferees discussed new steps to be taken when the "real campaign" of the government against profiteering declined to indicate what they had in mind. It is known that Attorney General Palmer is prepared to proceed

vigorously in a number of individual cases, involving both foodstuffs and clothing, as soon as the food control law amendments to include the latter and to provide a criminal penalty for violations becomes a law. The amendment has been passed by both houses of congress.

Another conference is to be held later in the week, and before Thursday or Friday, at which time Secretaries Glass and Daniels are expected to attend. The conferees are expected to discuss the surplus foodstuffs still held by the military departments of the government, and the distribution of sugar held by the army, on learning that the supply was available for two and one-half months in advance.

Planning to take the public into his confidence concerning action against the cost of living, Attorney General Palmer will make a number of trips into adjoining states, beginning the latter part of this month. It was said the trips would be similar to his journey to Albany for conference with New York state officials.

Find Americanization The Greatest Need

Conclusion Reached By Senate Labor Committee After Visit to Pittsburgh Steel Strike District.

Washington, Oct. 13.—Americanization of foreign-born workers should be an immediate effort of congress through legislation, declared Senator Kenyon today after a visit to the Pittsburgh steel strike district.

Senator Kenyon, who returned today from an investigation of the steel strike in the Pittsburgh district, said that about half of the steel workers are of foreign birth and cannot read, write or speak English.

"I do not desire to discuss the steel strike, nor the reasons, nor causes thereof at this time," he said. "I am only interested in the problem of Americanization."

The committee completed its investigation. I think it permissible to say, however, that the committee reported that the Pittsburgh district is strongly in favor of some Americanization bill.

"If we thought for a long while that congress must do what it could to help stimulate Americanization. That is a common ground upon which we can stand," he said.

"Two bills are now pending before the committee, of which I have heard," he said. "One is a bill to provide for the Americanization of foreign-born workers."

"The other is a bill to provide for the Americanization of foreign-born workers," he said. "I think it permissible to say, however, that the committee reported that the Pittsburgh district is strongly in favor of some Americanization bill."

Longshoremen Are to Remain Out On Strike

Feeling So Strong That International Officers Decide Not to Put the Question to a Vote.

New York, Oct. 13.—Thousands of longshoremen, massed tonight in Cooper Union to vote on the question of calling off the strike which has virtually tied up New York harbor, made it evident that they intended to stay out that they intended to stay out that they intended to stay out.

It was a relatively good natured but determined crowd of water front "huglers" that filled the hall, but outside thousands of their comrades, unable to gain admittance, surged toward the door so determinedly in their quest for admission that police reserves had to be summoned to preserve order.

The meeting had been called by T. V. O'Connor, president of the International Longshoremen's Association, to obtain a vote on the recommendation of the strike committee.

SENATOR NORRIS MADE ANOTHER THREE HOUR ATTACK ON THE MEASURE YESTERDAY—ASSAILED SOME OF THE STATEMENTS MADE BY PRESIDENT WILSON IN HIS WESTERN ADDRESSES—SENATOR LODGE PROBABLY WILL SPEAK ON THE AMENDMENT TODAY—LEADERS HOPE TO MAKE SOME PROGRESS TODAY IN THE READING OF THE TREATY TEXT.

Washington, Oct. 13.—Another three hour attack on the Shantung provision by Senator Norris, republican, Nebraska, and an optimistic speech of the same character by Senator Borah, republican, Idaho, constituted the sum of the senate's programme today in its consideration of the peace treaty.

Tomorrow the speechmaking will continue and although some of the leaders think a vote on the Shantung amendment may be reached Wednesday, others are not so optimistic.

Senator Norris, who had occupied most of two previous sessions with his Shantung speech, concluded today after a long and somewhat dispirited speech, that after the president had acknowledged he was wrong he had gone on mis-stating the facts about Shantung.

Senator Borah also declared Mr. Wilson had been mistaken in his statement that John Hay was secretary of state when the German rights in Shantung were acquired.
